Clean Energy Scholars Mini-Grant Application

SECTION I: CONTACT INFORMATION

Name of Institution: _____

Address: _____

Phone Number: _____

Clean Energy Initiative Liaison: _____

Clean Energy Initiative Liaison Contact Information: _____

SECTION II: ACTIVITY INFORMATION

Identify, from the list below, the Clean Energy Initiative Pilot Projects that your Institution will support when the project is fully funded:

- (1) Solar Demonstration Installation Project
- (2) Campus Clean Energy Assessment and Feasibility Study
- (3) Clean Energy Education and Awareness Activities
 - a. Campus Energy Challenge
 - b. Community Education, Outreach and Awareness
 - c. STEM-Enrichment Programs
 - d. Diversity and Inclusion Campaign
- (4) Entrepreneurship and Business Development
 - a. Business Development Research, Tools and Resources
 - b. Sustainable Business Model

Please describe how Clean Energy Scholars will support your institution's identified clean energy projects and Planning Grant Activities. If available, please include in your description:

- (1) Date of the activity
- (2) Location of the activity
- (3) Number of students participating in the activity
- (4) Expected audience
- (5) Describe your proposed activity and what it is

Please describe the education and awareness activities that your institution will implement in furtherance of the Clean Energy Initiative, including Planning Grant Activities.

Please describe how your proposed activities will meet the following three *required* criteria.

- (1) Employ peer-to-peer leadership and expertise to increase education and awareness of clean energy.
- (2) Instill a sense of the understanding of the impact of clean energy on individuals, the community and the environment and how sustainability can enhance understanding, build communities, and transform lives.
- (3) Create a significant impact on student life and the surrounding community where your institution is located.

Please describe how your proposed activity meets one or more of the following two *optional* criteria.

- (1) Expose students to clean energy.
- (2) Utilize clean energy as a means of addressing and creating economic opportunity.
- (3) Increase understanding or proficiency in clean energy, specifically solar.

As part of the Planning Grant Activities, CDAC will host Regional Roundtable discussions to engage local communities and seek input regarding CEI projects in preparation to seek funding to implement the projects. If your institution has been asked to host a Regional Roundtable, please describe how your institution will support that specific roundtable. Please be sure to specify how Clean Energy Scholars will contribute to this effort.

If your institution was not asked to host a Regional Roundtable, please describe how, as a CEI participating institution, your institution will/can support these activities.

ACTIVITY EXPENSES INFORMATION*

Advertising and Publicity Costs

TYPE OF PUBLICITY	TOTAL COST	AMOUNT REQUESTED FROM US
Print posters / flyers	\$	\$
